

Ogunlade Daniel Ayomiposi

FULL-STACK WEB DEVELOPER

danielogunlade.dev@example.com | github.com/danielogunlade | linkedin.com/in/danielogunlade | Lagos, Nigeria

PROFILE

Full-stack web developer with hands-on training across the modern web stack — from responsive front-end interfaces to server-side logic and database design. Completed an intensive 5-month Fullstack Web Development program at UpTech Computer Training Academy, building practical, production-style projects throughout. Comfortable working across HTML, CSS, JavaScript, backend frameworks, and relational databases, with a strong focus on clean, maintainable code and real-world problem solving.

EDUCATION & CERTIFICATION

Certificate of Completion — Fullstack Web Development

UpTech Computer Training Academy (UCTA) | 20 Jan 2025 – 20 Jun 2025 | Certificate No. UCTA/FSD/2025/11549

Satisfactorily completed all mandatory course modules for the award of certificate in Fullstack Web Development, covering front-end development, back-end programming, databases, and deployment fundamentals.
