Fullstack-Certified Developer | 4 Self-Built Projects | Leadership-Driven Team Player

2025	4+	Head Boy	2
Fullstack Certification Earned	Projects Built	School Leadership Role	Backend & Frontend Stacks

PROFESSIONAL SUMMARY

Certified Fullstack Web Developer with hands-on training from Uptech Computer Training Academy, skilled in building responsive, end-to-end web applications using React, Node.js, Python, and Django. Has independently designed and built multiple real-world projects, including a restaurant ordering platform, a hotel booking system, and an online learning platform currently in development. Brings a strong leadership foundation from serving as Head Boy at Focus Academy Private School, with proven discipline, accountability, and people-management skills that translate directly into effective teamwork and project ownership in a development environment. Eager to apply a fast-learning mindset and problem-solving approach to an entry-level or junior developer role.

CORE COMPETENCIES

✓ Fullstack Web Development	✓ Frontend & Backend Integration	✓ Responsive UI Design
✓ Problem Solving & Debugging	✓ Team Leadership	✓ Discipline & Time Management
✓ Communication	✓ Accountability	✓ Fast Learner & Adaptable

PROJECTS

TasteCraft — Restaurant ordering & menu platform

- Built a fullstack restaurant web application allowing users to browse menus, place orders, and manage listings.
- Designed a responsive, user-friendly interface with React and Tailwind CSS, connected to a Python and Django backend.

Marvellan Hotel & Suites — Hotel booking system

- Developed a hotel booking platform enabling users to view rooms, check availability, and make reservations online.
- Implemented backend logic and database structure to handle bookings, using MySQL for data management.

Knotwork — Online learning platform (in progress)

- Currently building an online learning platform with course listings, user accounts, and content delivery features.
- Applying Django and Python on the backend alongside React on the frontend to deliver a scalable learning experience.

Personal Portfolio — Developer portfolio website

- Designed and built a personal portfolio site to showcase projects, technical skills, and contact information.
- Focused on clean, responsive design principles to present work professionally to potential employers and clients.

CERTIFICATIONS & TRAINING

Certificate of Completion — Fullstack Web Development | Uptech Computer Training Academy

20th January, 2025 – 20th June, 2025

Lagos, Nigeria

- Satisfactorily completed all mandatory course modules for the award of Certificate in Fullstack Web Development (Certificate No. UCTA/FSD/2025/11549).

EDUCATION

Secondary Education | Focus Academy Private School

Lagos, Nigeria

- Served as Head Boy — led the student body, represented the school at official functions, and worked closely with staff and students to uphold discipline and school values.
